DEATH METAL ANCESTRAL

RIO DE JANEIRO - BRAZIL

RAIZES DEATH METAL

PRESSKIT 2026

Raízes is a Death Metal project founded in 2025 in Rio de Janeiro, Brazil, created to give voice to an ancestral struggle.

It was conceived by **Carlos Eduardo**, responsible for the guitar arrangements, lyrics and vocals, in collaboration with producer and musician **Thiago Perdurabo**, who handles bass and drums.

The project carries the strength of those who came before, echoing resistance through extreme music. With a brutal sound and direct lyrics, Raízes addresses the enduring cycle of oppression faced by Indigenous peoples and Afro-Brazilians, while maintaining a profound reflection on science, psychology and the internal conflicts that shape society. The music is aggressive, yet it carries a clear message: the struggle did not begin here, and we are far from seeing it end.

The band released its first single, **"Você Não Tem Esse Poder"**, in March 2025, followed in April by their debut EP of the same name, featuring four tracks, available on their Bandcamp and all streaming platforms. They are currently recording a full-length album, still untitled.

Between June and August, Raízes released 3 singles: **"Peso do Tambor"** (June), **"Esquerda Liberal"** (July) and **"Rexxpeita Nosso Lugar!!!"** (August).

In February 2026, they released their second EP, **"Domínio das Sombras"**, delivering a brutal and experimental form of Death Metal, incorporating percussive elements from Umbanda and Candomblé, as well as Rap, with lyrics centred on personal evolution and political dissent. This release features Uruguayan guitarist **Matías Viera Hernández** performing the solos on **"Esquerda Liberal"** and **"Domínio das Sombras"**, the Brazilian guitarist **Hector Ribeiro** on the solo for **"Guerra aos Senhores, Poder Para o Povo"**, and the Brazilian rapper **Jottacê** on **"Rexxpeita Nosso Lugar!!!"**. The cover artwork was created by **Yuri Costa**.

On stage or in the studio, their mission is to transform pain into power and resistance into art. Raízes is not merely a band; it is a cry that refuses to be silenced.
